

And don't forget...

to follow the Anderton Boat Lift Inspector's Trail which leads you around the boat lift and neighbouring Northwich Woodlands.

Can you see?

- Edwin Clark trip boat
- The weight maze
- Panoramic viewing platform
- Visitor centre
- Play area

The Canal & River Trust was created in July 2012 as the successor to British Waterways and we are the guardians of 2,000 miles of historic canals and rivers in England and Wales.

Our canals and rivers – and our museums, attractions and archives, are a key part of our heritage. We want you to get the most out of these havens and discover the true magic of the waterways in your area. That's why we're revitalising canals and rivers nationwide – and protecting them for generations to come. But this is a very big job indeed and we can't do it alone.

By becoming a Friend of the Canal & River Trust today, you will be helping to conserve, protect, enhance and educate people about the waterways. You'll also receive regular updates on what your support is helping to achieve and to welcome you as a new 'Friend' you'll receive a specially produced Cool Canals – 'Weekend Walks' book.

Call our supporter care team on **0303 040 4040** or visit canalrivertrust.org.uk/friend to find out more to become a Friend today.

Getting there

From the M56 Junction 10 take the A559 and follow signs for the Anderton Boat Lift. The Anderton Boat Lift is a fully accessible visitor attraction. Guide dogs welcome.

Lift Lane, Anderton, Northwich, Cheshire CW9 6FW
T: 01606 786777 E: andertonboatlift@canalrivertrust.org.uk

The Anderton Boat Lift at Northwich in the heart of Cheshire is one of the marvels of the canals.

The massive iron framework, a masterpiece of high Victorian engineering, lifts canal boats 50ft between the Weaver Navigation and the Trent & Mersey Canal – and the trip boat gives visitors the chance to see this from the inside!

Board our special trip boat – after taking a look around the visitor centre to learn the story of the lift, of course – our live commentary will take you into the heart of the lift and illuminate the engineering. Stay on board the boat for a unique look at the industrial heritage of Northwich, a town which has made its living on salt for 2,000 years.

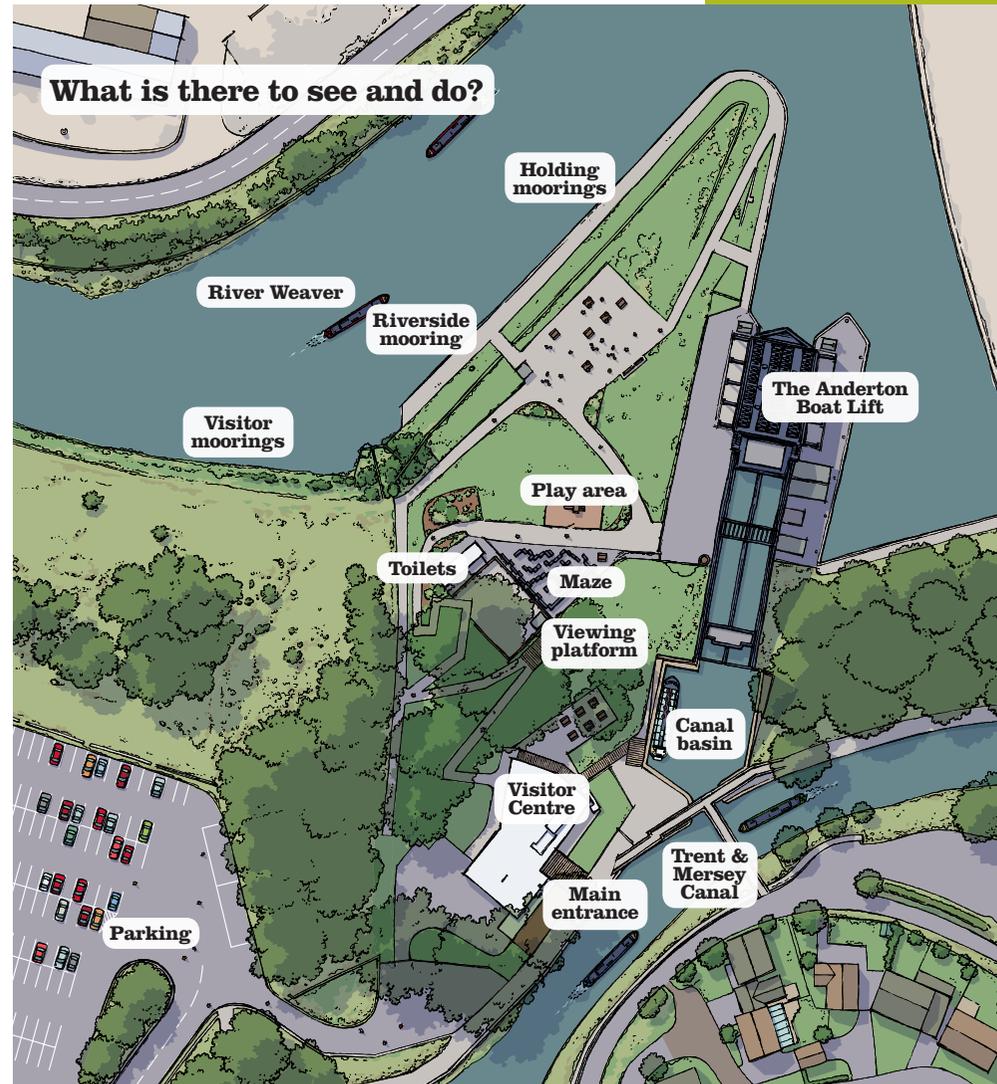

Browse our gift shop and admire the view from our welcoming coffee shop while trying our freshly ground coffee, handmade cakes and generous sandwiches. Or watch the mighty machinery in action from the panoramic viewing platform.

Access to our visitor centre, gift shop and coffee shop are free so immerse yourself in our waterway wonder – become absorbed in our interactive exhibition, focusing on the lives of those who designed, built and spent their working lives around this mighty structure.

‘a masterpiece of high Victorian engineering’

Take a leisurely cruise aboard the ‘Edwin Clark’. Step aboard the elegant Edwin Clark trip boat and take a 30 minute voyage through the heart of the Anderton Boat Lift. The 56 seat accessible trip boat will transport you from the Weaver Navigation to the Trent & Mersey Canal over 50 feet above. Sit back and take in the view as you journey through the towering structure.

Extend your trip with a river cruise, hugging the banks of the Weaver Navigation to the Town Swing Bridge in Northwich – an historic market town with deep roots in the salt trade.
