West India and Millwall Dock Notice

Dock Notice 2/22

21 February 2024

Update to Closure Notice.

West India Docks remains closed until further notice due to an issue with one of the lock gates. We have specialist teams attending and emergency works have started to fix the lock gates, which will be completed in 2 phases. There is a window of opportunity for transit, only if essential, so please contact us (using the email address below), to see if this can be accommodated. We are completing the works as quickly as is reasonably practicable and will update the notice as the works progress.

The Trust welcomes Stakeholder comments, please submit to:
