Hello, Explorers!

We're the Canal & River Trust, and we care for over 2000 miles of canals and rivers across England and Wales.

Spending time moving by the water makes us happier and healthier — so Let's Go Outdoors! and explore our Bingley wellbeing trail together.

Share your moments:

We would love to hear your feedback on this activity. Please fill in our quick survey.

Remember to stay **SAFE** near water and **Stay Away From the Edge**. Be sensible, never enter the water and in an emergency, call 999 immediately.

Working with Happy Confident Kids, this project is made possible by Sport England to enable families to move and connect with nature along our wonderful waterways.

1 Stop and Look

Looking out into the distance is a great way to exercise our eyes.

- So stand at this view point and look far into the distance.
- What is the furthest thing you can spot?

Looking at faraway views calms your brain and helps you to spark new ideas.

2 Canal's Story

Find a peaceful spot by the canal. Sit down and take notice of the nature that surrounds you whilst you listen to our story.

3 Jump Line

Use pebbles or small items to create a line—stay well away from the canal edge.

Jumping raises our heartrate & makes us feel more energized and awake.

Try these jumps:

- **Two-foot taps:** Jump both feet over the line. How many times can you go back and forth?
- **One-foot hop:** Hop over using one foot, then switch feet. Can you keep your balance?
- **Side-to-side:** With the line between your feet, jump side to side without touching it.
- **Zig-zag:** Jump forward and diagonally left and right, like a zig-zag path.
- **Long jump:** Find a small gap or crack and leap over it in one big jump—only if it's safe to do so.

4 Waggle Dance

Bees dance in a figure of eight and buzz to tell other bees the direction and distance to food, this is the waggle dance. The longer they waggle, the further away the food is.

Do the waggle dance:

1. Spot a flower or leaf you like.
2. Face towards the flower (bee food).
3. Waggle your hips and move in a figure of eight.
4. Buzz as you waggle!

Can someone else follow your waggle dance to find your "flower?" Then, it's their turn to be the Waggle Dancer.

Dancing is a great way to move all parts of your body, it also releases hormones that make us feel happy!

5 Misson Bird Spotter

The steep, cascading waters of the Five Rise Locks act as a vital "rest stop" for birds traveling through the rugged Yorkshire landscape.

What to look for: Keep your eyes peeled for **Grey Herons** stalking the lock chambers and canal banks for fish.

What to look for: Look out for **Kingfishers**—a flash of bright blue—darting low over the water between the lock gates.

Spotting Tips: Activity is high in the **Summer** when dragonflies are out, but in the Autumn and Winter, you'll see more wading birds using the nearby river edges and sheltered basins as their winter canteen.

6 Super Stretch

Stretching helps release tension from our muscles, which helps our minds feel calm and relaxed.

1. Tall tree stretch

- Stand tall. Reach up high like you're touching the clouds or tallest tree.
- Breathe in and hold for 3... feel the stretch.

2. Windy tree sway

- Keep arms up and gently lean side to side, like a tree in the breeze.
- Stretch each side slowly.

3. Heron stretch

- Bend forward, arms dangling toward your toes.
- Let your head relax and feel the back of your legs stretch.

4. Canal bird wings

- Arms out wide—big bird wings.
- Make slow, wide circles—forward, then back.

How good does that feel now?

7 Dragonfly Breathing

Imagine you're an incredible dragonfly

Flapping wings (to release energy)

- **Stand tall**, feet apart and comfy.
- **Stretch your arms out wide** like dragonfly wings.
- **Take a big breath** in through your nose.
- **Flap your wings!** Breathe out through your mouth as you flap your arms up and down.
- **Do it a few times** to feel that energy fly away!

Add a gentle buzz if you like.

Gliding (to find calm)

- Keep your arms out wide, but **still and soft**, like you're gliding.
- **Breathe in slowly** through your nose.
- **Breathe out gently** through your mouth.
- **Repeat a few times**, imagining a dragonfly floating peacefully.

Breathing mindfully is one of the fastest ways to access calm.

8 Code Breaker

Alright, super-sleuths, it's time to team up and solve these puzzles! Unscramble the letters to reveal the hidden words.

What is the name of the iconic bridge you are standing on?
Hint. The road leading onto the bridge will give you a clue.

• TNBIIRNAA SGIBRED •

Otters can live in canals, what type of animal are they?

• LMAAMM • (Hint: They are warm blooded)

Joy jumble! Now unscramble the letters that appear in the blue boxes above.

What was your tiny moment of joy today? Scan the QR code to share it!
