

Fun things to do: page 1 of 3

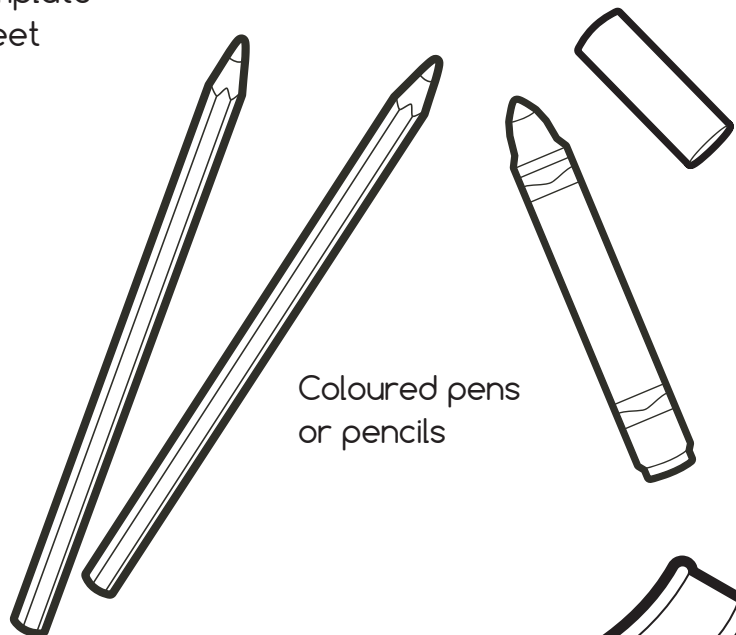

What you need

Watercan
template
sheet

Stapler

Coloured pens
or pencils

Sellotape

Double wired
'tape' or pipe
cleaner

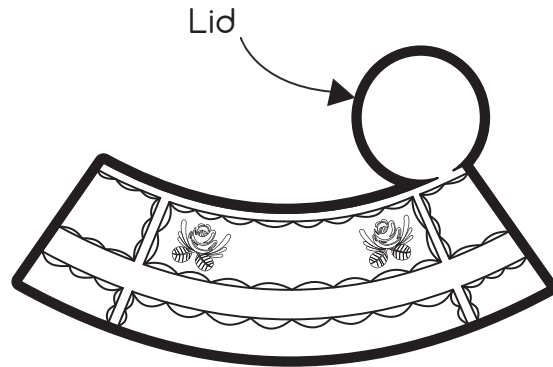

Top Tip

For design ideas see our 'Roses and Castles' fun thing to do.

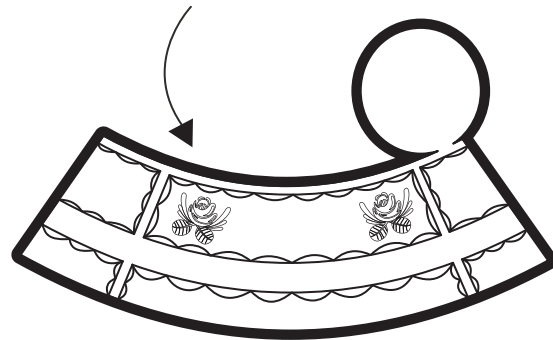

Fun things to do: page 2 of 3

Cut out the water can template.

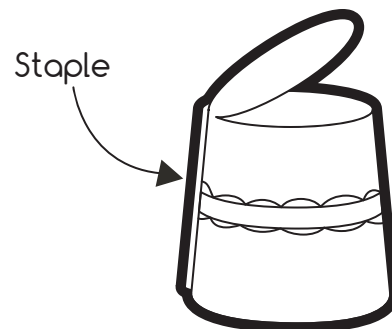

1

Colour in the roses. You could add your own design following the 'Roses and Castles' style.

2

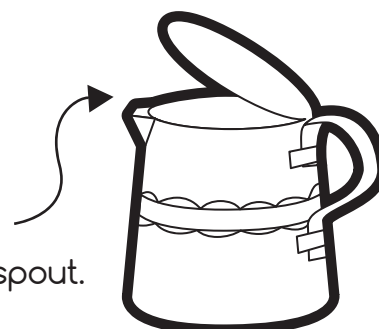

Fold the can around on itself and ask an adult to help you staple the two ends together to make a bucket shape.

3

Bend the wire tape or pipe cleaner into the shape of a handle. Stick this with sellotape to the back of your can.

Make a small cut and fold back the edges to form a spout.
