

2026/27 Winter Mooring Price Bands

The list of winter moorings includes all the sites that we are intending to offer for 2026 / 27. Some maybe directly affected by current navigation closures / restrictions due to the ongoing effects of the summer drought and are highlighted below. We will update the list before they go on sale from 1st October with the situation at that time. We appreciate that this will impact on plans for the winter months and ask for your patience and understanding.

The pricing of each winter mooring site is based on the consideration of several different factors including:

The pricing of nearby moorings (to ensure the Trust complies with competition rules)

The location of the winter mooring site

The availability of facilities and services near to the mooring

The level of demand for each winter mooring site

We have tried to highlight any nearby Winter Works but please ensure you check the full latest stoppage list at [Notices and stoppages | Canal & River Trust](#) before purchasing a Winter Mooring permit.

Price Bands for 2026/27 (charged 'per metre, per month')

- Band 1 £9.40
- Band 2 £11.40
- Band 3 £14.00
