

West India Docks Dock Notice

Dock Notice Number: 04/2025 Issue Date: 26th June 2025

Bellmouth Passage Bridges Remedial Works (Update 3)

All parties are advised that the two major **Bellmouth Passage Bridges** that were undergoing remedial works, are now operational with an approximate 2-week lead time.

Ongoing works have necessitated scaffold be erected around their bases, creating protrusions into the navigable channel. Any navigation through the passage should consider this reduction in width and the potential for overhead hazards.

This only affects vessels transiting between South Dock and the North part of the Dock system as shown.

Affected parties looking to plan transits should contact the harbour office for further information.

A further Dock Notice will be issued on completion of works. Dock notice 02/2025 is hereby cancelled.
