

Little adventures on your doorstep

Visit Clarence Mill & Adelphi Mill

King Cotton once ruled here! It's a great place to discover the past when Clarence and Adelphi Mills clattered non-stop with the machinery spinning cotton.

Map not to scale: covers approx 1.4 miles/2.4km

A little bit of history

The Macclesfield Canal played a vital role in the cotton trade that brought fame and prosperity to this area. Raw cotton and coal to power the machinery was delivered to Clarence and Adelphi Mills built alongside the canal. The return journey was made with the very fine cotton and exported all over the world.

Five things to do at Clarence Mill and Adelphi Mill

- **Visit** Bollington Discovery Centre to find more about the Macclesfield Canal opened in 1831 and Clarence Mill built alongside it in 1834.
- **Cycle** up the towpath and visit Adelphi Mill built in 1856 and have a go on the trip boat.
- **Check out** Bollington Aqueduct built by Thomas Telford, the famous canal engineer.
- **Pick up** a free Majestic Mills guide at the Discovery Centre and discover where the people who worked in the mills lived.
- **Take** a picnic and admire the impressive five storey Clarence Mill from the opposite bank.

Did you know?...

Coots have a **white spot** on the front of their head and moorhens have a **bright red beak tipped with yellow**, and a white stripe on their side.

Go to canalriverexplorers.org.uk to discover lots of fun things to do with the family.

A big thank you to all the volunteers who helped produce these.
