Birmingham

Navigation notes

Grand Union Canal

Camp Hill Top Lock to Salford Junction: Water conservation keys are required for all locks in the West Midlands area.

Braunston to Camp Hill Top Lock: Navigation should be possible for boats of up to 78ft, but please consult the waterway office first. Boats up to 14ft beam may be able to navigate this section (with the exception of a 12ft 6in bridge at Blue Lias, Stockton), but some bridges have low arches and may not be passable, depending on cabin profile. Locks are more than 14ft wide so two narrowboats can safely share.

Locks and bridges

Digbeth Branch Canal

Ashted Tunnel: One-way passage only.
