

Design a poster

This activity is your chance to get the message about plastic pollution out there. Think about where you could display your poster when you've made it.

Design a poster or infographic that teaches people about plastic pollution and the actions they can take to reduce, reuse and recycle. Think about who your target audience would be – children? Adults? Schools? Businesses? Local councils? Consider doing some extra research to include some facts.

Time:

- 30 minutes

Resources:

- Pen & paper or iPad / computer

Individual activity
