

## Create and Do: Create a water safety game

- This is a chance for you to create a game or quiz that other people can get involved in, making it interesting and engaging to learn about water safety.
- It could be a quiz, a game, an idea for an art or craft project or a competition. Use this worksheet to help you plan your ideas.
- Think about where you can try out your activities: In your school? Youth Group? With your friends? An eco club?
- When you're ready, share your activity with friends or email it to us at [canalrivertrust.org.uk/contact-us](mailto:canalrivertrust.org.uk/contact-us). We will feature the best ideas on our website for others to try.

### How will the activity work?

Use the space below to tell us your ideas? Use extra sheets if you need more room. You may also want to include diagrams or pictures to support your instructions.

**Age group:**

**What kind of activity is this?**

**What equipment is needed?**

**How long will it take to complete?**

A large, empty rectangular area with rounded corners, intended for a water safety activity.
