# Launching Place Grades

## Slipways & Access (Blue numbers: - For large boats on trailers that need slipways)

1. **Excellent.** For 2.3 Mts and wider trailers. Slipways 1.2+ Mts deep at the wet end.
  2. **Good.** For 2.3 Mts wide trailers. Slipways 60 cm to 1 Mtr deep at the wet end.
  3. **Adequate.** For 2.3 Mts wide trailers. The slipway has features requiring very skilful reverse driving, or could have severe launching or retrieving difficulties.
  4. **Poor.** Narrow slipway or shallow at the end. For trailers less than 2.3 Mts wide; or less than 60 cm deep at the wet end.
- .....
- .

## Landing Places & Access (Green numbers: - For boats on roof-racks or trailers that don't need slipways)

1. **Excellent.** For launching all types of portable boats from Kayaks to RIB's with strong crews.
  2. **Good.** For launching kayaks, canoes, small inflatables and sometimes very small dinghies.
  3. **Adequate.** For launching kayaks and canoes.
  4. **Poor.** For launching kayaks only.
- .....

## Parking (Blue or green letters: - For cars, minibuses & trailers)

- a. **Excellent.** Mainly long term booked car parking for vehicles & trailers. Normally has good supervision and spare space. Enclosed and has gates or a barrier and is very secure. Kept locked or locked overnight by staff or users. Pedestrian & vehicle access restricted or monitored.
- b. **Good.** Mainly long or week-end parking for vehicles & trailers. Normally with spare space and sometimes supervised. Mainly enclosed but with no or low gates and not normally locked. Pedestrian & vehicle access at all times.
- c. **Adequate.** Mainly for day or week-end public parking. Long lay-bys/wide verges or small car parks. Sometimes partly enclosed but no supervision. Kerb parking in quiet roads. Sometimes space for trailer parking.
- d. **Poor.** Time limited parking; one day, or 24 hours, or less. Urban street parking. Very small rural lay-bys. Good car parks, but often full in summer. Places with no parking.

<p><b>Landing Details:</b> - Grade: - 1b      Compiled by DMS ~ December 2014</p> <p>Description: - An excellent hardcore &amp; chippings long wharf on the towpath, covered with grass. Has a mixed stone &amp; concrete edging. Suitable for one day or week-end use by everyone. (Left photo below)</p> <p>Landing access: - Public free usage, the towpath belongs to the navigation and available any time during daylight hours. Consult with Paddlesport about the best time to launch. (Very quiet locality).</p> <p>Drop height to the water: - About 30 cm.</p> <p>Amount of boat manoeuvring space: - Ample.</p> <p>Distance from vehicle to the water: - If you reverse through either of the unlocked five bar gates onto the wharf, boats can be lifted off the vehicle and put straight into the water.</p> <p>Quality, surface, and description of boat carrying route: - Almost entirely excellent tarmac roadway. If you are unable to reverse on the wharf it depends on where you can park. If the new short lay-by is full, there is a much longer casual one a few meters down the road.</p> <p>Notes: - Have a look for yourself on Google maps – Street view.</p>		
<p><b>Directions:</b> - Post code for SatNav: - SY11 4EB (Queens Head pub) ~ fairly rural location.</p> <p>Address: - Nr.Queens Head, Hollyhead Road, Oswestry, Shropshire.</p> <p>Parking location for vehicle: - Uncertain. The locality could be very busy in summer, so either the lay-bys along the road by the gates onto the wharf area, or the Queens Head car park – if you buy a drink, or the small C&amp;RT car park. This is the one across the road from the pub which has no marked bays.</p> <p>Parking spaces available: - Uncertain. There could be quite a lot.</p> <p>Options for trailers: - Again uncertain, you will have to see what's free.</p> <p>Parking security: - All of the available options are open public spaces in clear view of anyone passing.</p> <p>Wheel clamps, or other trailer securings are: - Strongly recommended if you have any and use a trailer.</p> <p>Parking period limits: - All seem to be unrestricted, but if you want to park overnight on the pub car park you will need to obtain permission from the landlord. Tel. 01691 610255.</p>		
<p><b>Suitable Boats:</b> -</p> <p>Excellent for: - Canoes, kayaks, dinghies, small inflatables, and other portable boats with paddles. Also excellent for portable RIB's, heavy dinghies, and other low height boats with engines - as long as you can carry them.</p>

<p><b>Landing Details:</b> - Grade: - 1c                      Compiled by DMS ~ January 2015</p> <p>Description: - A good towpath grass bank Landing Place with a grassed over heavy steel piles edge. Suitable for one day or week-end boating for all users. (Left photo below)</p> <p>Access and availability: - The waterway belongs to the navigation, but access at this point is private. Available during daylight hours please phone and book. (Very quiet locality).</p> <p>Drop height to the water: - About 40 cm.</p> <p>Amount of boat manoeuvring space: - Ample.</p> <p>Distance from vehicle to the water: - About 50 Mts. Depending on where you park.</p> <p>Quality, surface, and description of boat carrying route: - Adequate. From the grass verge (or small casual lay-by, carry your boat to the entrance drive to the cottage. Take care, as the verge becomes quite narrow as you approach the entrance drive and the road is very busy. You could park on the much wider and longer verge on the other side of the road, but this would involve crossing it with your boat. Having reached Ian's drive, carry your boat to the water edge and launch. (Center photo)</p> <p>Notes: - Have a look for yourself on Google maps – Street view.</p>		
<p><b>Directions:</b> - Post code for SatNav: - SY22 6RS ~ very rural location.</p> <p>Address: - Maerdy Cottage, A483, Four Crosses, Llanymynech, Powys.</p> <p>Parking location for vehicle: - Small casual lay-by, or the wide grass verge beyond. (Right photo)</p> <p>Parking spaces available: - Four or five.</p> <p>Options for trailers: - May be parked attached to your car.</p> <p>Parking security: - Open public space in clear view of anyone passing.</p> <p>Wheel clamps, or other trailer securings are: - Strongly recommended if you have any and use a trailer.</p> <p>Parking period limits: - Unrestricted.</p>		
<p><b>Suitable Boats:</b> -</p> <p>Excellent for: - Canoes, kayaks, dinghies, small inflatables, and other portable boats with paddles, also for portable RIB's, heavy dinghies, and other low height boats with engines - as long as you can carry them without disturbing stuff in Ian's yard.</p>
