CLEAN FOR THE QUEEN

Help us to 'Clean for The Queen'

Her Majesty the Queen will be celebrating her 90th birthday this year. We're joining with Keep Britain Tidy and a number of other organisations to get the country spruced up in time for the celebrations.

[Clean for The Queen](#) is a campaign which will address the growing problem of litter on our streets, in our countryside and around our canals and rivers.

When Her Majesty first came to the throne we did not suffer today's menace of discarded bottles, food packaging, takeaways and the various other paraphernalia which blights not only our surroundings but also our sense of national pride.

We're asking everyone who loves spending time on our canals and rivers to join in and do their bit to help us on the

4th, 5th and 6th March 2016.

If you are available on this weekend and would like to participate please drop us a line and let us know who you are and the location you would like to work in.

If you a group/adoption/organisation and are planning your own event please let us know so we can put the word out amongst the rest of our volunteers, if you are not already planning an event but would like to run one please let us know and we will see if we can assist you.

All we ask is you inform us of your activities so we can record this locally and nationally, i.e. start finish times, dates, number of volunteers just as we record a normal work party.

We are able to post these events on our national website so please let us know any details of events and we will help to promote the event.
