

WELCOME

Set in the landmark Grade II Victorian grain warehouse you will find our stories of the River Sever, Gloucester Docks and the canals connected to them. Discover how the waterways are at the heart of the life of Gloucester and how they shaped the lives of those who travelled, repaired and used them.

Families can explore the galleries and discover fun facts and activities on the bright yellow exhibition panels.

The Severn Trow

The centrepiece is a 6m rope recreation of a Severn Trow – unique to the area. The trow's flat bottom design allowed it to sail through the shallow sections of the river.

Dock model

Take yourself back to the heyday of Gloucester Docks. Immerse yourself in the sounds and images of a bustling, multicultural workplace at the heart of the regional transport network.

River Severn from the air

Filmed from the air in May 2016 this beautiful film shows local landmarks and scenic views of the River Severn on a lovely summer's day.

FAMILY WILDLIFE TRAIL

Wildlife is an ever present feature of the canals, whether it's the birds and butterflies we see today or the mice and rats that called the grain warehouses home. Follow our family trail around the museum and meet some of the animals you might see out on the canal.
