Yorkshire & North East (previously North West)	Leeds & Liverpool Canal	Leeds, Above office Lock T/P	100	£6.70

Please note: All winter moorings this year are sold on the basis of single line mooring (ie. the length for sale is the linear length of the site).

There are five price bands for the 2018/19 winter moorings depending on what is available at or nearby the mooring and the level of demand at the site.

- Band 0 - £18 per meter/per month - as band one, but the most high demand winter mooring sites which sold out within one day in 2017/18.
 - Band 1 - £16 per meter/per month** – generally a visitor mooring site with mooring rings or bollards, in/within walking distance of a popular village/town/location with local amenities. There are good facilities at or nearby (including water, elsan, pumpout and rubbish facilities) and good public transport links (for example the site is close to a station/public transport routes or, in London, is in travel zone 1-4).
 - Band 2 - £13.90 per metre/per month** – generally a visitor mooring site with mooring rings or bollards, in/within walking distance of a popular village/town/location with local amenities. This site has good facilities nearby (most including water, elsan, pumpout and rubbish facilities).
 - Band 3 - £10.30 per metre/per month** – generally this could be a visitor mooring or towpath site with some facilities on site or within a short cruise. The site is likely to be quite close to a village or town.
 - Band 4 - £6.70 per metre/per month** – generally a quieter towpath location, which doesn't have any facilities on site.
- For more information about the 2017/18 winter moorings please see the documents below.

**Some sites with very high demand sales in 2017/18 have moved up a price band but facilities are as described in the previous price band.
