

## **Canal & River Trust as Statutory Consultee: Duty to Respond and Report for Wales**

### **Purpose of the Report**

The Canal & River Trust is a statutory consultee as set out in the Town and Country Planning (Development Management Procedure) (Wales) Order 2012 ('the order'). As a statutory consultee we are required to compile a report for the Welsh Government on our performance in responding to consultations. This is our annual report for the period 1st April 2018 to 31st March 2019

The Trust is known as Glandŵr Cymru, the Canal & River Trust in Wales. We are the charity who look after and bring to life 109 miles of canals in Wales. Our waterways contribute to the health and wellbeing of local communities and economies, creating attractive and connected places to live, work, volunteer and spend leisure time. These historic, natural and cultural assets form part of the strategic and local green-blue infrastructure network, linking urban and rural communities as well as habitats. By caring for our waterways and promoting their use we believe we can improve the wellbeing of Wales.

### **Statutory Consultee Status for Applications**

The Canal & River Trust ("Glandŵr Cymru") is a Statutory Consultee on applications involving:
