# Britain's longest, highest, deepest canal tunnel

## Underground Boat Trip, Visitor Centre & Café

# Standedge Tunnel and Visitor Centre

As one of the Seven Wonders of the Waterways, the Standedge Tunnel is the longest, highest and deepest canal tunnel in Great Britain. Located within the unique Pennine countryside, between Manchester and Leeds, it makes a great day out for all the family.

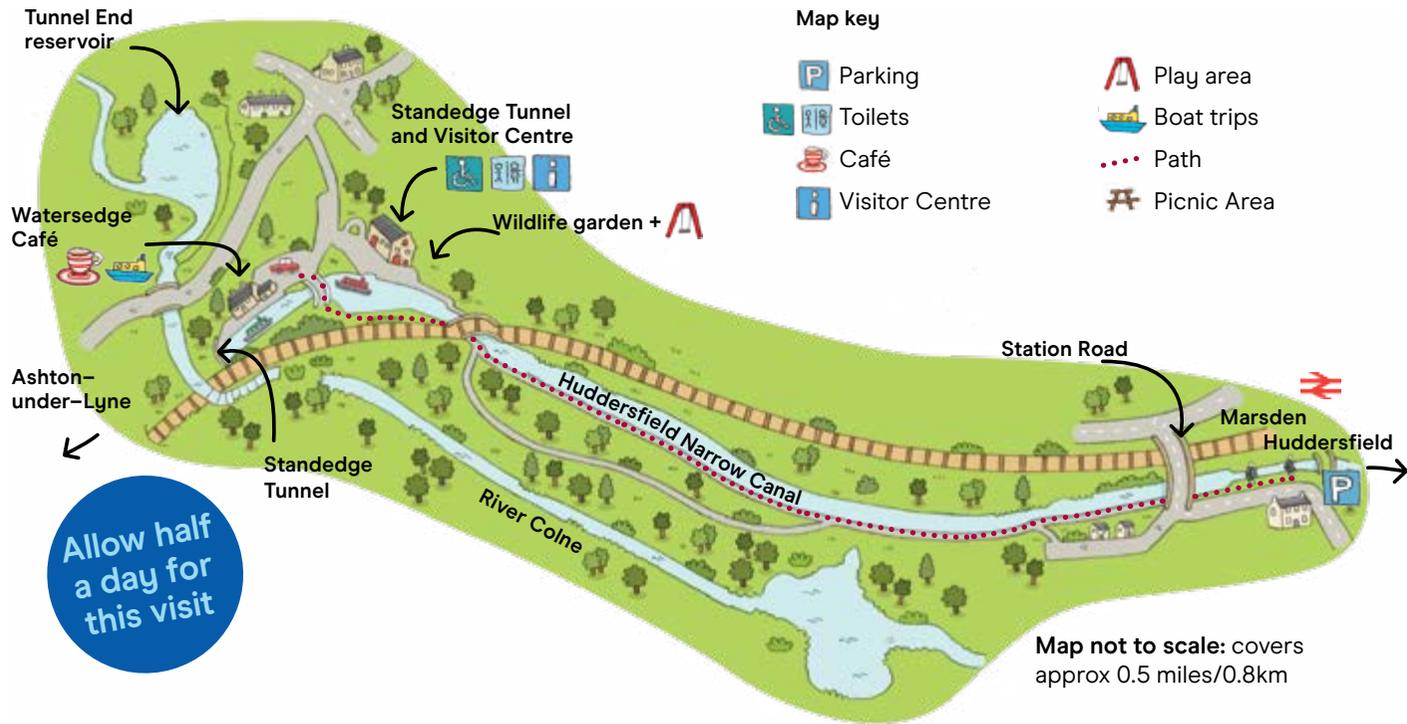

Our visitor centre tells the story of the tunnel through its 200+ year history and restoration. You can find out more about the engineers and navvies who designed and built the tunnel and experience it for yourself on one of our boat trips. Once off the boat, visit the cafe and explore the surrounding area with a walk along the nature trail and visit to the wildlife garden.

Children can jump, climb and play in our outdoor play area and for younger children, there is a soft play area located on the ground floor of the visitor centre.

# Things to see and do

A place to walk, somewhere to feed the ducks or a place to simply be. There's plenty to do in and around the Standedge Tunnel and Visitor Centre.

## The Waterside Warehouse

The Warehouse can be transformed into a fantastic wedding venue, a wellbeing yoga studio, or a unique live music venue.

The 18th century, Grade II listed warehouse has three floors and room to accommodate up to 200 guests, with breathtaking views of the Huddersfield Narrow Canal and surrounding countryside.

We pride ourselves on being able to tailor the experience to suit your budget, taste and requirements. What's more, it's a blank canvas for you to decorate however you like.
