Welcome to Standedge

Thank you for your interest in Standedge, home to Britain's longest, deepest, highest canal tunnel – a unique experience deep beneath the beautiful Pennine countryside and one of the Seven Wonders of the waterways.

Canal & River Trust is the charity that looks after this remarkable award-winning 18th Century attraction, as part of our network of 2,000 miles of waterways and historic structures in England and Wales.

Our research shows that spending time by water really does help us to feel happier and healthier, which is a great reason to bring your event to the water's edge, here at Standedge.

I hope you will spend time experiencing this iconic attraction, with every event hire helping to support our work.
